Parents and Guardians of Secondary School 1 Students

Dear Parents/Guardians

COLOUR VISION TESTING FOR SECONDARY 1 STUDENTS IN STUDENT HEALTH CENTRE

1. Health Promotion Board (HPB)'s School Health Service (SHS) screening for primary school students was suspended in 2020 due to the COVID-19 situation.
2. Your child who is currently in Secondary 1 may not have received his/her colour vision screening test in 2020 when he/she was in Primary 5.
3. If you have concerns about your child's ability to differentiate between colours, please contact the Student Health Centre in HPB (details below) to make an appointment for fully-subsidised colour vision screening. Please note that charges may apply if further assessment is required.
4. You may also wish to take your child to your family doctor for assessment.
5. Please email HPB_SHC@hpb.gov.sg if you have any queries.

Thank you.
